

GENERAL INFORMATION FOR BUSINESS ENTITIES

1. WHO MUST FILE

All business entities having gross receipts, employees, or assets, or performing services or in any other way conducting business within the City of Englewood, whether or not any income was earned or any tax is due, are required to file an annual return.

All resident business entities including trusts, corporations, S-Corporations, joint ventures, partnerships, and other businesses are required to file an annual return on an entity basis.

Non-resident business entities, including corporations, S-Corporations, joint ventures, partnerships and other businesses that conduct business, perform services, have a location or have income (or losses) in Englewood are required to file an annual return on an entity basis.

NOTE: Anyone receiving a notification letter has an active account and will need to file a return. All accounts remain in active status until a "final" return is filed.

2. DUE DATE

Returns are due by April 15 following the close of the calendar year; or within 3½ months of the end of the year for those businesses on a fiscal year basis.

3. EXTENSIONS

An extension of time to file does not extend the time to pay the tax.

Interest will be assessed on any tax remaining unpaid after the original due date. Additionally, there is not a provision for extending the current year first quarter estimate payment.

Extension request forms may be obtained from the tax office and our website: www.Englewood.oh.us.

4. SUPPORTING DOCUMENTS

Documentation is necessary to verify all amounts of taxable or nontaxable incomes, expenses, deductions, and credits.

The following are examples (examples only, not all inclusive) of types of forms and schedules to attach as applicable: Form 1120, Form 1120-S, Form 1065, Schedules A, K, and K-1, pages 1 & 2 of Form 4797, and all other supporting schedules and statements.

Those taxpayers claiming deductions for commissions paid, contract labor, and the like, must provide a schedule showing a breakdown of amounts paid, and how much of said work was in Englewood, the name to whom amounts were paid with addresses and social security numbers or federal identification numbers. Copies of Form 1099(s) may be sent in lieu of the schedule.

5. RENTALS

Net rental earnings from all types of real estate or other property or equipment are taxable if located within Englewood. An annual return is required even though a loss may have been incurred.

6. STATUS CHANGES

Taxpayers with name, address, or other status changes or reorganizations must file those changes with the Income Tax Department within 30 days of the change.

7. AMENDED RETURNS

An amended return is necessary for any year in which an amended Federal return is filed or in which your Federal tax liability has changed. An amended return must be filed within 90 days of the filing date of any amended Federal return and must include a copy of the amended Federal return.

8. CONSOLIDATED RETURNS

The Income Tax Department will accept consolidated returns from property affiliated subsidiary corporations. The Income Tax Department may require or disallow the filing of a consolidated return when certain transactions, apportionments, or other circumstances appear to distort the net profits allocable to Englewood.

9. DECLARATION OF ESTIMATED TAX

Every taxpayer who anticipates having income tax due of \$200.00 or more must file an annual declaration of estimated tax. At least 90% of the current year tax liability or 100% of the previous year liability must be paid by January 15th. Failure to pay estimated taxes timely may result in a penalty and interest assessment. Quarterly coupons are available on our website: www.Englewood.oh.us.

10. OPERATING LOSSES

Under the provisions of the Income Tax Ordinance of Englewood, there may be no carry-forward nor carry-back of operating losses for tax years 2017 and before. Beginning in tax year 2018, up to 50% of the previously unused 2017 or after net loss can be used to offset the current year taxable income before apportionment. This offset is limited to the lesser of 50% the total available net loss or 50% of the current year taxable income before net operating loss carry forward is applied.

11. LATE FILING FEE – PENALTIES AND INTEREST

When returns are filed after the due date by business entities required to file an annual Englewood return, a late filing fee of \$25.00 per month is assessed without regard for the amount of tax due. Late filing fees will be assessed even though no tax may be due.
